Re: CD Lane Park Educational Panels

Dear Mr. Hoyt:

I am pleased to inform you that the Schoharie Watershed Advisory Committee (SWAC) has reviewed project proposals, for Round 22 of the Stream Management Implementation Program (SMIP) and approved your application for assistance to support the CD Lane Park Educational Panels. The Advisory Committee approved funding up to \$4,180 to support this project. For more information on the Stream Management Implementation Program, please visit the website <https://www.gcswcd.com/swp/smp/smip>.

A SMIP Project Identification (ID) Number has been assigned to your project, SWSMP-2020-22-002. We will work with you to establish a SMIP Grant Agreement and scope of work. Please remember, any work associated with the project that occurs prior to the execution of a SMIP Grant Agreement cannot be reimbursed. I have included Attachment A of the SMIP Grant Agreement to help guide the development of your scope of work, which must be submitted to the Greene County Soil and Water Conservation District (GCSWCD) within 45 days of receiving this award notice.

Michelle Yost, Watershed Assistance Program Coordinator at GCSWCD, will be your contact person for the project and will assist with its coordination. Michelle can be reached at 518-589-6871 or by e-mail michelle@gcswcd.com.

Also, when projects require a permit(s), those need to be obtained and a copy needs to be provided to the District before the project can commence.

Sincerely,

Abbe Martin
Conservation District Program Manager
GCSWCD

C: Joel DuBois, GCSWCD
David Burns, NYCDEP
SWAC Steve Walker, SWAC Representative (Town of Windham)
SWAC Wayne VanValin, SWAC Alternate Representative (Town of Windham)
